

## ADDENDUM No: 5

### CTICC 005/2017: Mechanical, Electrical and builder's work – Installation, testing, commissioning and handing over of generators

Dear Tenderer,

#### **Enquiry 2:**

- " i) We have located the plant room area, but are unsure as to where the condenser unit will be situated?
- ii) Page 48 on the tender document stipulates that the contractor needs to supply the concrete epoxy floor. Please elaborate."

#### **Response 2:**

- i) The positioning of the generator units is indicated on the GA plans that were submitted with **Addendum 4**.
- ii) The specification only calls for the floor to be re-painted with epoxy paint. There is no mention of replacement of floors.

Kind Regards;

  
Eben Lewis (Supply Chain Manager)
