ADDENDUM No: 2

CTICC

CTICC 045/2017: Provision of Cleaning Services

Dear Tenderer,

You are hereby notified of the following clarifications on and amendments to CTICC 045/2017:

1. **Number of sanitary bins on site?**

± 120 units

2. **Machinery and equipment used on site (quantity will be to the bidders discretion)**

- a. Scrubbers
- b. Ride-on's
- c. Big scrubber
- d. Wet and dry vacuum cleaners
- e. Office vacuums
- f. Carpet cleaning machine
- g. Blower
- h. Polish machine

3. **Page 93** – ***“The main kitchen is also subject to a six-monthly deep clean that happens on the night shift. This deep clean includes all equipment being stripped by maintenance and then cleaned by the cleaning service provider. The process is elaborate and usually takes two evenings of work for a team of 40 cleaners.”***

Please note this is not six monthly but, quarterly and does not require an additional 40 staff members as the existing staff will be utilized.

Kind Regards;

Craig Barrington
